“Touring Europe Pool by Pool”

Official Website

European Forces Swim League

Swim Season 2008-2009

Celebrating its eleventh Year on the Web!

EFSL Website's Mission: The mission of the EFSL Official Web Site is to disseminate general information from the EFSL board members to team presidents, team board members, team head coaches, team statisticians, swimmers, and parents. The web site serves as a means to publicize league information, and official swim data. The web site will be updated on a regular basis as the swim season progresses.

The following general information about the EFSL is available on the website:

- Information About EFSL
- League eMail Directory
- Qualifying Times
- League Records
- League Meet Schedule
- League Standings
- Coaching Information from the League's Head Coach
- Head Official's Information and Training Library
- Championship Meet
- Statistician's Information
- EFSL Photo Album *(new pictures are always needed!)*

Team Web Sites: Over the past six years each EFSL team has carefully designed a team web page to meet the needs of their organization. It is suggested that each team recruit their own team web master to maintain and publish a team web site. If your team's web site address changes please send new address to Frank Nosal so he may link your team's web site to the EFSL's web site. Thank you to all teams for successfully creating and maintaining a team web site during the past swim seasons: Send you address changes to: nosal@bresnan.net

Please send information you wish updated on the EFSL website to:

Frank Nosal

nosal@bresnan.net

Welcome to the Official Web Page of the EFSL
